Axis Health System's
PATIENT PORTAL

The Axis Health System Patient Portal allows you to access your primary or integrated care medical records anytime, anywhere. You can view your secure information, such as lab orders, test results, procedures, medication lists and vital signs, from any Internet-enabled device. You can also message your care team privately.

A digital tool with one goal...
CONNECTION

- Access your entire health record, no need to send a request to the Health Information Management Department

- Schedule appointments

- Ask clinical and billing questions

- Stay current on your open accounts and payments

- Access links to additional information on their conditions and treatment
